Seasonal Trend & Best Time to Open a Store

Sales and profit trends show stronger performance during the **spring and summer months**, while lower results were observed in **October–December**.

Recommendation:

Opening a new store during **spring or early summer** would maximize launch performance and customer traffic.

Store Location Insights

The most profitable store locations are:

- **Airport**
- **Downtown**

Top-performing cities include:

- **Ciudad de Mexico**
- **Guadalajara**
- **Monterrey**

Additionally, **Hermosillo** and **Guanajuato** currently do not have Airport-format stores. Since Airport stores generate high profits, opening a new Airport store in these cities could be a valuable expansion opportunity.

The product category analysis shows that **Toys** is the strongest-performing category. **Sports & Outdoors** recorded the lowest profit at **\$0.51M**, indicating lower performance compared to other categories.
